Yearbook & Yoga

We could use a few more students to help with the Yearbook Club – writers, photographers, computer experts, creative geniuses, etc. Yearbook Club meets after school on Thursdays. Students

may also be able to participate from home if they are not able to attend the club. Contact Mr. Jarrett, jay_jarrett@dpsk12.org

We are seeking students ready to expand their horizons by trying YOGA CLUB! Yoga is a great form of relaxation, exercise, and fun. Come and check it out – Mondays after school in Room 205 with Ms. Burrows. Yoga mats are provided.

Homework Help & Math Tutoring

Are you looking for a place for your student to do homework after school or get some help with math or other subjects?

Our after school club **Academic Zone** meets Mondays, Tuesdays, and Thursdays in the library from 3:15-4:15 pm. It provides a quiet place for students to do homework, get help, and have access to computers to complete homework or other class assignments.

Is your student finishing up Cross Country or Soccer soon? We'd love to have them in after school clubs!

And . . . Running Club!

Running Club will start on Thursday, November 5, with Ms. Trexler. All students, including those who are participating in Cross Country, must submit a pink After School Registration Form, along with a fee and/or Scholarship Request form.

Possible After School Woodshop Club

Is your student interested in doing after school Woodshop with Ms. Gaston if it is offered? If we have enough students, we may have Woodshop Club after school later this semester. There will be a fee associated with the program and scholarships will be available. Please email Ms. Ilove with your student's name to let her know that you are interested: Meryl_icove@dpsk12.org

Gifted Magnet Program News

National Junior Honor Society nominations went out this week for academically eligible students. Nominations should be turned in by Oct. 23 for faculty review. NJHS is a national organization focused on leadership, community involvement, and service. Participating in middle school will help prepare students for the high school organization. Mrs. Gilmore, advisor, can answer any questions.

Advanced Learning Plans also went out this week to parents. Please complete the parent worksheet and return asap. Students are creating their ALP affective goals this week and will work on academic goals during October. This process will be done in small groups, based upon gifted identifiers students have in common. This will ensure students receive the attention they require and completely understand the program and expectations. The goal is to complete this process prior to parent teacher conferences on Nov. 2 to allow parents to review the document with their child.

Passion projects will begin after students have written their ALP's. The goal is to have projects chosen, expectations identified, and timelines set prior to Thanksgiving break. Dates will be determined by when grade levels finish their ALP work. Students can continue projects from last year, although the "extension" must be quite extensive and explore additional avenues tied to the original idea but tailored to specific interests.

We are still looking for students interested in Future Business Leaders of America. Interest forms are available on the Mustang message board in the North main entrance hallway.
