

PARENT STUDENT PORTAL: myportal.dpsk12.org

What is the DPS Parent/Student Portal?

The Portal is a secured website designed to support parents and students in monitoring student progress. The goal of the Portal is to provide parents and students a user-friendly, visually graphic, online tool to drive meaningful conversations.

As a parent/guardian, what is the value to me?

- Strengthen communication and academic partnership with your child and their teachers
- Save time and effort by checking student progress online, decreasing the amount of time traveling to school and on the phone
- Empower yourself to be your child's advocate
- View student's grades, assignments, attendance, parent resources, and much more!
